

- > A new bear species has been found in California!
- >
- > Sheldon California bears have been discovered in California, While
- > they are not likely to make world headlines like the California gold
- > rush, Sheldon California bears are sure to be an important feature and
- > provide lots of smiles at the 2015 SFA Reunion.
- >
- > These special bears have been made totally from Sheldon corks donated
- > by Tobe Sheldon, owner of Sheldon Winery, Santa Rosa, California.
- >
- > The bears were made by Betty Shelden Knopf, who holds a registered
- > copyright to the pattern.
- >
- > Sheldon California bears will be a great memento of the 2015 SFA
- > Reunion in California, a great Christmas tree ornament, or a great
- > gift for another Sheldon.
- >
- > The nineteen limited edition bears will be priced at only \$5.00 each.
