The Sheldon Family Assoc. Quarterly, is published quarterly by The Sheldon Family Association, Inc., (hereinafter SFA), and printed by AMBI Mail & Marketing, 312 W 2nd St, Casper WY.

As a general repository for Sheldon Family lineage in the U.S.A., SFA serves as a central source of information and study for Sheldon lineage researchers. By means of this publication, members are informed of discoveries in Sheldon lineage research, and dates and locale of the annual meeting.

Information in this publication is obtained by research in major libraries and repositories of public records; by correspondence with Sheldon descendants, and members and independent researchers submission of articles.

The editor reserves the right to edit or excerpt submitted articles to fit space requirements of each issue. Articles should be of general interest to members. Pieces too long for the quarterly may be serialized or considered by the publication sales department to make them available to members.

Since it is not possible for SFA to vouch for the accuracy of the content or opinion, the reader should understand that SFA in no way implies blanket verification and certification of these publications.

Libraries do not have permission to place SFA Quarterlies on the internet without prior approval of SFA.

PRESIDENT'S REPORT-JANUARY 2014

Jeanne A Jeffries

Mid winter brings time for reflection. After a wonderful meeting in Oberlin, the Sheldon Family Association has focused on the conversion of the Database to Roots Magic. Sue Sheldon of Shelton Washington is the Project Director. Marvin Parsons of Kirkland Washington has accomplished a miracle by analyzing and converting the Database to Roots Magic software. The original pioneer genealogy program was created by Sheldon in 1985. A team of dedicated descendants led by Keith Sheldon of Ohio transferred the information collected by members. The information had been initially collected by HO Sheldon during his ministerial travels. Genealogist Leland converted the mass of information to a card file. Understandably, the process lends itself to unintentional errors. The thrust of the project now is to carefully check the data to assure that the information is correct. A team is working with Sue Sheldon and Marvin Parsons to reach the goal. Now is the time to submit your own research. The genealogist will compare your information with known sources and adjust the database.

The next Annual Meeting and Reunion will be in Ft Wayne IN. Rose Sheldon Newton is the hostess assisted by Irene Wolfe. Watch for the announcement of the hotel chosen for the meeting. We will have special opportunity to visit the Genealogy Center at the Allen County Public Library. Your Board voted to place Sheldon memorabilia for safe keeping. The library is pleased to have such a collection of Sheldon Family information.

In response to a vote at the Annual Meeting of the members making all issues of SFAQ unsecure on the SFA website, the Board will post only the last year of SFAQ until further recommendations about password access are received. Methods of password access to prior issues for members are being investigated by the Computer Committee.

DNA REPORT

Peter F Jeffries MD
Administrator
January 2014

In 2010, we had 22 members of the Sheldon Family DNA Project. In 2014, we have 44 members. With more participants and with “paper” genealogy, some patterns are beginning to emerge. There is a cluster of eleven men named Sheldon who relate to either John 13 or to Isaac and who share similar DNA profiles. This suggests that John 13 and Isaac share a common ancestor. John 13 was from South Kingstowne RI and Isaac was from Windsor CT and Northampton MA. (Interestingly, John 13 had a son named Isaac.)

Another cluster of Sheldon men who relate to either Godfrey or to John 8 of Providence RI show some DNA similarities. There are fewer men in this cluster and the evidence is less compelling.

Hopefully, more Sheldon men will choose to participate and send swabs to FTDNA. We recommend the Y DNA37 test to allow enough analysis for comparison with other members of the project. The usual cost of \$169 is discounted during special sales (often midwinter and midsummer.) Currently, 27 participants have chosen at least the 37 test and 11 have chosen the 67 site test. Although there is a minimum 12 site test, we find that does not give enough information.

Regarding the mitochondrial assay which addresses the maternal lineage, we now have 12 participants and several appear to have connections. This suggests that they may have common maternal ancestors. Science has more to learn about the interpretation of mitochondrial DNA.

**CELEBRATE SFA 75th ANNIVERSARY
IN FORT WAYNE INDIANA**

By Rose Sheldon Newton

Sheldon, Indiana, outside of Fort Wayne was named in 1869 in honor of the railroad superintendent of the Lake Erie & Western railroad. At that time, Andrew J. Taylor laid out the town plat along these tracks in preparation for his carriage manufacturing business. "Yoder" was a name later

thrust upon the town of Sheldon by the railroads, referring to the railroad station there, without specific legal authority. "Sheldon is the legal name, and Sheldon it will remain" This information is from Griswold's "The Pictorial History of Fort Wayne, Indiana", vol. 1 (page 700). Well cousins, Sheldon is now called Yoder today! And since *we know* that the Sheldons that went across the country buying right of way naming towns Sheldon in honor of his family, S2349 (J) Israel Sheldon of Orange, New Jersey was that “super,” one wonders just who really changed the name to Yoder? Sheldon Streets in Fort Wayne are under research as well as some famous Sheldons from here, one, the judge who incited my interest in genealogy in the first place! He asked “are we cousins?” I remembered Grandma Sheldons “Family Rekerd Book” and the rest is history!

Rose Newton and Irene Lawler Wolff are co-hosts of the up coming 75th reunion. You met Irene and her late husband Jerry at the Grand Rapids Sheldon Reunion. www.visitfortwayne.com is a great place to look! See what I'm talking about!

**The GHOSTS OF HAVANA, CUBA
The Assassination of Robert James Sheldon**

By: Life member Robert's Sheldon: S9131x28 (I)

It was on the early morning of Monday June 18, 1951 outside the U.S. Embassy, Old Havana facing Armas Square at the corners of Obispo and Oficios Streets. My uncle Robert was taking a break with the elder Cuban elevator operator Agustin Fernandez Castro outside the Old Horter Building/Embassy. From down the street came the very secretive four man assassin squad sent personally by Fidel Castro. The trigger man walked up to both men, popping one right after the other. The bodies were taken back into the Embassy making the murder scene appear to be a murder/suicide at the hands of my uncle. Visualize seeing the body of Robert both his boots were untied, the 45 he never picked up at the beginning of his shift was between him and a wooden bench both arms casually crossed on his chest!?

Many ask why? Robert not only was a proud U.S. Marine Corps Embassy Guard he was also a military operative for the Central Intelligence Agency. Robert's work with the CIA started while he was in Tsing (continued next page)

(continued from prior page) Tao, China. He was personally dealing with Fidel Castro and his mistress Natalia Revuelta. Natalia was "between a rock and a hard place" having to go back to Fidel telling him that Robert knew too much regarding what Fidel was planning to do with the U.S. Ambassador. In essence Naty was a double agent. Both embassy men were then silenced for good.

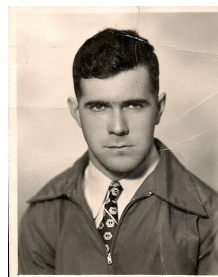

My research alone has covered over 16 years, with many documents revealed by freedom of information requests. I have three sources that continue to stay anonymous. Anonymity has been the key in the disclosure of facts by my eye witnesses. These witnesses were crucial, confirming facts recovered through my freedom of information requests.

My documentation (my contacts to many for this write up though one of course is the CIA and another is the U.S. Interest Section, Havana, Cuba) includes communiqués, letters from Marine Corps Commandant General Cates, Secretary of State Dean Acheson, Navy Judge Advocate General (JAG), Weikko A. Forsten the civilian head of security at the time of Robert's death, a ballistic expert explaining trajectory and impact of a 45 caliber round, my conversation with a DETEX representative explaining how the security clocks in the embassy worked eliminating Robert of adjusting the clocks as he was not a NCOIC (Non Commissioned Officer In Charge) who would have the only key.

"Detex" is a company that continues to specialize in security clocks used by firms and governments. The U.S. Marine Corps embassy guards at the Horter U.S. Embassy would complete several rounds approximately ten stops in a given shift turning a permanent key at each station certifying the station was secure with no breach in classified information."

A cousin of mine sums up the whole murder scene by saying "now I'm going to see if I can find something to explain why somebody would shoot another person, untie their shoe laces, shoot

themselves, then fold their arms across their chest, get rid of fingerprints, die, and probably close the DETEX clock after dying." Another expert proved instrumental was Debra Martin her scientific research with the Windbridge Institute (www.windbridge.org). You can learn more about her events and upcoming book releases from her website that will include a chapter in her new book explaining more of the death of my uncle Robert James Sheldon. You can reach me anytime at my email address: prjsheldon@aol.com or 520-344-7724. I am always happy willing to discuss more of my case, all two and half inches of it with 62 appendices all of my backup that has been up at the White House since January 2012 for the President to give his blessings. Perhaps my case needs a little help. I am hoping this article could be viewed by both President H.W. Bush and President George W. Bush. Something else, I hold no one accountable in the death of my uncle. I am presently working on having a star for Robert placed on the Wall of Honor in the foyer at CIA Headquarters, Langley, Virginia. Below is a photograph of Robert in civilian clothes in Cuba no uniforms were allowed:

Note from SFA Genealogist: If you or anyone can be of assistance in this historic research from Peter-Robert PLEASE do so! We are proud of his persistent research to bring proper honor to his Uncle. If you think genealogy research is difficult our Sheldon cousin has had higher mountains to climb in this research. *When this was transpiring, I was in Anchorage Ft. Richardson, Alaska* and my husband would be sent to Cuba in the paymaster corps, if USARAL troops were moved there. Ft. Rich and Elmendorf AFB went through many rushed ALERTS to say the least! My luggage was packed as I would be sent back to Oklahoma for birth of son Mike, if troops moved out, the Master Sgt told me he would take me to the airport.

ISOSK NO. 54

S0571 (I) Daniel needs research

By Rose Sheldon Newton

Shirley Rider instituted this column several years as a forum where those seeking answers can seek more info on a particular Sheldon lineage. This week while helping check data as we move Sheldon lineage into Roots Magic 6, I volunteered to look at the SHELDON names. So I did a double take and said “ What?, how did this slip by us?!” we have S0204 (I) Daniel Sheldon born 12 Dec 1715 in Suffield, CT with 17 Children listed in the Sheldon Magazine p.8r thus, in the database. S0571 Daniel b.1738 and died 22 Dec 1796, Seth b. 1739, Abraham b.1741 two infants no dates, Chloe b. 1744 d. 1747, Joel b.1746, Infant daughter b 1747, Mary b. 1748, Chloe b. 1750, Tryphena b. 1752, Infant b. 1754, Jacob b. 1754, Infant, Esther b. 1757, Infant, Ruth b.1761.

The problem is their first born Daniel b 1738 in the database since May of 1995 has the same wife name of Mary Harmon daughter of Nathan Harmon and Ether Austin married 30 Sep 1737 which we will delete and seek to discover more of this particular ancestors true history as we have discovered an error in data entry. So please keep these Daniels in mind if your are looking around Suffield, CT and Sheldons in history in this interesting site of many Sheldon reunions! Surely there is more about this Daniel somewhere.

INTERESTING!

Jeanne A Jeffries

A descendant contacted the President of Sheldon Family Association about the possibility of membership after seeing the Facebook page. This Sheldon man had information from his grandfather that suggested his line of descent included Elwyn Sheldon of Herkimer NY. Using the census, we were able to connect Elwyn to Lee Comstock Sheldon of NY and to Henry C

Sheldon of Madison County NY and thus to Samuel Hazard of Otsego NY. This led to O. Hazard who was son of Potter Sheldon of Hopkinton RI and thus to John 13.

The saga then was clouded by DNA results which differed from those of other John 13 results. The descendant noted that there was a family name Button in the DNA report. Contact with the Button family administrator caused more research. The administrator discovered that a Button Family had children who were probably raised by a Sheldon family. Thus the children were assumed to be Sheldons. Since the Button father had a wife whose last name is Sheldon, there is a connection to the Sheldon line.

It took reading old probate records to find the answer. Census is a wonderful tool for genealogy. Vital records are primary sources. So are probate and deeds. It may take several sources to answer the question beyond a reasonable doubt.

RESIGNATION OF WENDY BLACK

It is with great regret and sadness that I am resigning as the current Vice President and incoming President of the Sheldon Family Association. My husband Carl now requires round the clock care and currently our goal is to keep him at home for as long as possible. SFA has been such a joy to be part of but at this time I must focus on caring for Carl and myself. Thanks for all the support and encouragement.

Wendy Sheldon

Note: Vice President Wendy Black was a very important member of the Board, and active on multiple committees. Her husband Carl was last able to attend the reunion in Portland, and is also remembered by many. They will both be very much missed in their activities with SFA.
