

Sheldon Website Report  
June 2014

Additions

1. Added search box (Google)
2. Redid most of the templates to consolidate and produce a more consistent look. With assistance from a website consultant. There was no cost to SFA.
3. Added reports about the 2013 reunion and the planning session
4. Added 2014 reunion section
5. Added a slide show for the 2013 reunion.
6. Added a slide show of some historic pictures.
7. Created pages for the current quarterly and quarterlies from the recent past.
8. Created a survey at the request of Rose Newton, of members who served in the Military. Used Adobe Forms Central which is working well.

Future

1. Add more past quarterlies.
2. Modify additional templates to simplify updates and adding more information.
3. Add a slide show for the 2014 reunion
4. Locate and add additional photos from past reunions.
5. Develop a registration system for 2015. Goal will be to have the ability to complete the form online, register more than one person on the form and transmit it to the reunion committee. It should also link to PayPal Or a similar system.
6. Automate the publication page. Orders should be automatic with payment on line. This may require a shopping cart. There may be 'stores' that could handle this task for SFA.
7. Add data about our ancestress from the SFA file. This will be a long term project . The files will need to be scanned and indexed. A decision will be required as to who and how the records may be accessed.
8. Initiate a system to keep our members up- to-date , using the internet.

Respectively submitted
